“Let’s Talk Business” (ICEM MBA)

Alumni interactive session.

ICEM MBA conducted the very first session of the series Let’s Talk Business on 9th July, 2022.

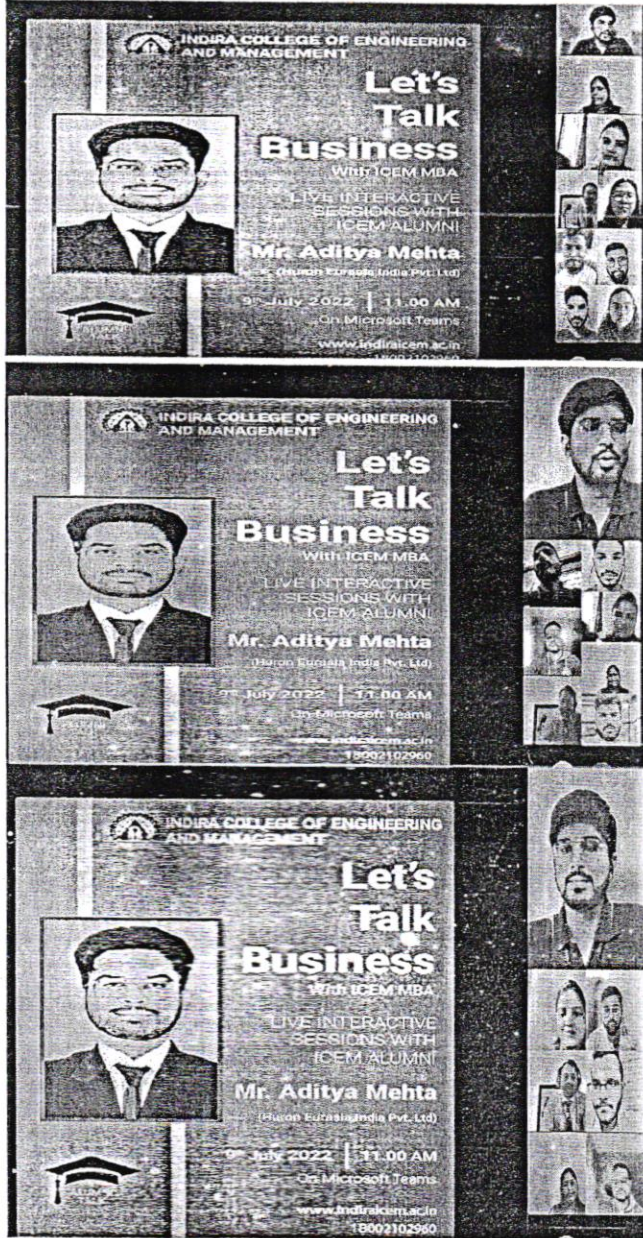

The concept of alumni association evolved for needs from both the ends, i.e., academicians and professionals, in the aim of building a bridge between college life and career life, so that the fresher graduates are made proactive to face the current challenges of competitive professional world. Both the ends shall work hand in hand to help each other for achieving the goal. The idea took shape and formation of Alumni Association turned into reality.

We invited our Alumni Mr. Aditya Mehta from batch 2019-2021. He works at Huron Eurasia India Pvt. Ltd. Noida as associate EPM consultant.

In this session Mr. Aditya Mehta involved many students in the talk by keeping the session informative and interactive. He addressed many doubts of the students regarding Academics, jobs, job roles, placement scenarios, skills required, important certification students must be doing. He very well explained the difference between what we learn in a MBA college and what is the real life at the corporate, when a company comes for the placements in the college what it expects from the students who are fresher as well as from those who have the work experience. He also explained students about how one should tackle the interview very well and also stated the importance of skills, knowledge, and confidence among the students. He shared his tips for the Interview as well as for the Group Discussion. At the end he addressed all the doubts and questions from the students. And the session ended successfully with the vote of thanks.
