

SHREE CHANAKYA EDUCATION SOCIETY'S

INDIRA COLLEGE OF ENGINEERING AND MANAGEMENT

Approved By AICTE New Delhi, DTE (MS) and Affiliated to Pune University (Id.No. PU/PN/Engg 282/2007)

Date: 09 Jan 2024

To,

The Director
Indira College of Engineering and Management
Indira Chanakya Campus, Pune

Subject: "Permission to conduct ISR (Fort Cleaning) Activity under Audit Course"

Respected Sir,

Students of B.E. Civil are planning to perform fort cleaning activity under Audit Course :
Social Responsibility.

We are planning to visit Borapgad Fort (Near Khopoli) for fort cleaning activity, and also we can spread the awareness of maintaining or cleaning our historical places through this activity. There is no water body within the premises of the destination.

This activity will be conducted on 13th Jan 2024, from with a gathering of 32 (3 Faculties + 29 Students).

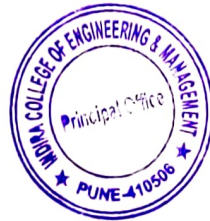

I ensure you, no harm will occur during the activity.

I request you to kindly grant me permission to conduct the activity at above-said venue on the mentioned date.

Yours Faithfully,

SJA

Overview of Borhappad Fort Cleaning Activity

Date of Activity 13th Jan. 2024

No of students 11

Name of Faculties Prof. Shreyas Satpute, Prof. Vijay Kumar Saini

Preserving the majestic forts of Maharashtra is not merely an effort in historical conservation; it is a commitment to safeguarding the cultural legacy and architectural marvels that define the state. These forts, bearing witness to centuries of history, stand as silent sentinels, each stone echoing tales of valor and resilience. As custodians of our past, the conservation of Maharashtrian forts becomes a responsibility to ensure that future generations can walk amidst the ramparts, connecting with the roots of Maharashtra's rich heritage.

"Small acts, when multiplied by millions of people, can transform the world."

On January 13, 2024, with this in mind, the faculties and students of the Civil Department set out to protect the environment and our priceless historical legacy. Borhappad Fort was our choice for the same because of its historical significance. The origin of this fort is said to date back to the 2nd century B.C., the same age as the Thanale Caves and Khadsamble caves nearby. It was then called Borhappad (after its presiding deity, Bhoradevi). In 1436, it was captured by the Bahamani Sultan. In 1657, the Marathas took over and renamed it "Sudhagad"(the sweet one). It was a large fort and was considered by Chhatrapati Shivaji Maharaj as the capital of his kingdom. He surveyed it, but instead chose Raigad because of its central location.

At 9:00 AM, we began our ascent up the fort, and by 12:00 PM, we had reached the summit. The captivating vistas of the entire Ghera Sudhagad made the entire ascent quite visually appealing. As we ascended the fort, everyone was chanting "Chatrapati Shivaji Maharaj ki Jay" with great fervor, which lifted our spirits.

After reaching the summit we went out to collect drinking water from the ancient natural filtering water tanks. While enjoying refreshing lime juice, Mr. Santosh Khandagale enlightened everyone with facts and information about the fort and its history.

Soon after this discussion we had steaming hot lunch we went on exploring fort area and started collecting plastic waste littered around the main attraction points like Pant Sachiv Wada, Borai Devi Temple, Shiv Mandir etc. Then we continued plastic waste collection task while we started descending the fort. Once we reached down, we handed over all the plastic waste collected to local authorities for its proper disposal.

“Break free from plastic, for a healthier planet.”

At the base of the Fort

Plastic Waste Collection near to Pant Sachiv Wada

Plastic Waste Collection near to Shiv Mandir

Plastic Waste Collection near to Borai Devi Temple
